VOL. LXIII—No. 67.

CITY OF KINGSTON, N. Y., FRIDAY EVENING, JANUARY 5, 1934.

PRICE FOUR CENTS.

Sentence Weinstein, Bergel And Napolitano To Dannemora Prison

Three Charged With Kidnapping, Attempted Robbery and Grand Larceny Pleaded Guilty to One Count Before Judge John T. Loughran.

Samuel Weinstein, 25, of Kingston, Abraham Bergel, 23, of New York, and Thomas Napolitano, 23, of New York, were sentenced to long terms in Clinton State Prison at Dannemora Thursday afternoon by Supreme Court Judge John T. Loughran when the three defendants entered pleas of guilty to one of three indictments returned by a recent grand jury charging them with kidnapping, attempted robbery and grand larceny in connection with an attempt to rob two Forst Packing Company employees of a payroll.

All three had previously entered pleas of not guilty but shortly before 1 o'clock Thursday afternoon they appeared in court before Judge Loughran and through counsel asked leave to withdraw their former pleas of not guilty and enter pleas of guilty to one of the charges. This was acceptable to District Attorney Cleon B. Murray.

The trio are alleged to have appeared in the lower section of Kingston on November 11, last, and forced one of the Forst company cars to the curb near the old Hoffmann brewery. They compelled the two employees, Earl Snyder and Clarence Buddenhagen, to accompany them south to Orr's Mills where an alert State Trooper observed that the driver of the LaSalle car apparently was not operating the car in a proper manner. He arrested the driver on a traffic charge and commanded the driver to follow him. In the car was the one New Yorker and Weinstein who has been in New York for some time although he claims Kingston as his home. After driving a short distance the car was wrecked and the Forst employee told his story. Later the driver of the Forst machine which had been following the LaSalle with the other Forst employee held captive, was arrested. On the trip demands had been made for a "payroll" but the two Forst men had no payroll. They had been to the bank to make a deposit and were returning at the time of the hold-up. The men and the car were searched enroute but the bandits evidently believing the men had hidden the money continued to question them and demand the money.

Later all three were returned to Kingston and indicted for kidnapping, attempted robbery, first degree, and also grand larceny, second degree. Samuel Weinstein was first to appear. District Attorney Cleon B. Murray stated that there was a motion in the case and Andrew J. Cook, who appeared for Weinstein, stated that Weinstein desired to withdraw his former plea of not guilty to the charge in indictment 2058, grand larceny, second degree, and enter a plea of guilty. The motion was not opposed by Mr. Murray and the court granted the motion to change the plea. Weinstein said he waited the usual two days time and desired to be sentenced immediately. Judge Loughran imposed a sentence of five years at hard labor in Clinton State Prison at Dannemora. Weinstein said he had been convicted once of abduction. That was in Ulster county.

Next came Abraham Bergel of New York. Chris J. Flanagan appeared for Bergel and made the same application to change the plea and asked permission to plead guilty to the charge of attempted robbery, first degree. That was the second count of the indictment. The plea was accepted by The People. Bergel said he had never been convicted before. Judge Loughran imposed an indeterminate sentence at Clinton State Prison, the minimum of which shall be five years and the maximum seven years at hard labor.

Thomas Napolitano of New York came last. William H. Grogan appeared and stated that while he did not appear as the attorney in the case he had been consulted by the defendant and on behalf of the defendant he desired to change the former not guilty plea to guilty of attempted robbery, first degree. The plea was accepted.

Prior to Napolitano answering the usual questions Mr. Murray filed with the court a record of convictions against the defendant. Napolitano has three times been convicted of felonies. He said he admitted the record. The charges are attempted robbery, third degree; kidnaping and robbery, second degree. Judge Loughran sentenced Napolitano to an indeterminate term at Clinton State Prison, the minimum of which shall be 15 years and the maximum the natural life of the defendant.

Counsel then in behalf of clients moved to dismiss the other two pending indictments and this was not opposed by The People and the court dismissed the other two indictments. At their pleas of guilty to the crimes the defendants have saved the county a long and expensive trial.

The three defendants were immediately taken back to jail under heavy guard. Several police officers as well as deputy sheriffs and State Troopers were scattered about the court room at each of the hearings which the defendants have had in court. Bail in the cases of Weinstein and Bergel had been fixed by the court after arraignment at \$10,000 each and Napolitano's bail was \$15,000.

A brother of Bergel was in court at the time of the sentence. Samuel

Old Guard Fails In New Attempt To Re-elect Clerk F. W. Hammond

Little Band of Many Insurgents Again Stand Off Attempt of Republican Old Guard Leadership to Re-elect Its Assembly Clerk—Adjourn Until Monday Night.

Albany, N. Y., Jan. 5 (AP)—A new attempt of the Republican Old Guard to re-elect Assembly Clerk Fred W. Hammond over the stubborn opposition of Republican State Chairman W. Kingston M. W. failed today.

On the first ballot the Republican deadlock remained unchanged from yesterday. Hammond received 65 votes and the three insurgent candidates 20 votes. Louis A. Cuvillier, the Democratic candidate, dropped from 63 yesterday to 62 today, due to the absence of a third member of Assembly today.

With 147 members present, Hammond's vote was nine less than necessary to elect.

The Assembly immediately began another ballot.

Today's second ballot was the same as the first.

When, after three ballots, the deadlock was as tight as ever, the Assembly gave up balloting and adjourned until Monday night.

Hammond's vote remained 65, the same as yesterday. The only change was that because three of the 150 assemblymen were absent, he came within nine votes of the majority necessary to elect. Yesterday, with 145 members present, he lacked 10 votes.

The three candidates representing the insurgency of Republican State Chairman W. Kingston M. W. continued to draw 20 votes.

Louis A. Cuvillier, the Democratic minority candidate, dropped from 63 to 62 due to the absence of one more Democratic assemblyman today.

The three candidates representing the insurgency of Republican State Chairman W. Kingston M. W. continued to draw 20 votes.

Aged Man Claims He Was Turned Out After Property Deeded to Son

Action to Have Deed Set Aside Is Continued in Supreme Court—Frank Kauffeld Tells Story of Abuse From His Son.

Frank Kauffeld, a former Lyonsville resident, is seeking to suppress a deed to have a deed set aside on the grounds that after he had deeded the property to his son, Charles, and daughter-in-law, Catherine Kauffeld, he was turned out.

Mr. Kauffeld is 75 years old and speaks broken English frequently injecting a word or two of German. On the stand he told a story of abuse from his son and daughter-in-law, which finally resulted in his leaving his home and going with another daughter at Newark, N. J.

Judge Charles de la Vigne, who appears for the defendants, moved for a postponement of the case on the grounds that his client was out of the state and he was not ready for trial. However Judge Loughran, before whom the matter is brought, permitted the plaintiff to submit his proof.

In 1926 Mr. Kauffeld said he bought a property at Lyonsville and moved there. He lived alone and kept house until June of 1929 when his son, Charles, came from Detroit where he had been working. He had lost his position. Since 1926 Mr. Kauffeld said he had been a widower. At first Charles came for a visit but talked over the matter of coming to the farm to stay and work and his father agreed. Young Charles according to the father brought his wife on from Boston where she had been visiting. On July 4, 1929, the son came to stay and there was talk of turning the place over to him at the death of the father. Mr. Kauffeld said this the son objected to, he did not want to be willed the farm but wanted a deed.

The plaintiff alleges that on September 2, 1929, he gave a deed to his son and his wife in the agreement that he was to remain there so long as he lived and be cared for by the son. He was to retain his own room in the house.

Mr. Kauffeld said he stayed there until January 10 of 1931 when there was a snow storm. He was unable to do any work so he went to the home of a neighbor for a visit and returned later to his home. The snow was deep and when he entered the house he said he brushed off the snow as best he could but some remained on his feet. He entered the dining room and Mrs. Kauffeld met him and objected to his bringing the snow in her clean room. He said she told him that she would like to slap his face and he said, "let it come."

The daughter-in-law took hold of him and he also seized her. She broke loose and got a soup ladle and struck him. Mr. Kauffeld said his son who was also there took hold of the aged man and threw him on the couch and took him "by the neck."

He alleges that his son then dragged him out of the house and threw him in the snow and kicked him and said, "get out" in German. After a few minutes he said he was able to get up and he went into the house and went to his room where he took an old pistol which he had owned for 35 years. This he placed in his pocket for protection although he told the court the run would not fire once out of 20 times. He returned to the neighbors for aid but the neighbor was not home so he returned to his own home. When he came back his son, Charles, was gone but later returned with a deputy sheriff. The deputy sheriff took the gun away and arrested the aged man but later let him go after taking the old gun.

Alleges He Was Refused Food. Kauffeld said he went to bed that night without a bite to eat as his daughter-in-law refused to make any meal for him, although she set the table for herself and her husband. She refused to get food for him, although prior to that time she had cooked for all.

Monday Mr. Kauffeld said he had written two or three letters, one to a Mr. Van Erten. He put them in the mail box but his son removed them and tore up the letters after giving the one for Mr. Van Erten to his wife. Mr. Kauffeld said he had called his son many names when the letters had been taken. The son then proceeded to take his father, according to the witness, again by the neck and strike him. At that time the son again told him to get out.

Next day he said he packed up his things and the following day he left. His son drove him to the station and he went to Newark to his daughter's where he has since been living. Since that date he has not heard from or seen his son, Charles, who is on the farm.

A few weeks prior to the time Charles came to the Lyonsville farm Mr. Kauffeld said his daughter had sent him money and he had purchased 700 chickens from Fred Davis. They were on the farm when the son came and remained there.

The case was continued before Supreme Court Judge John T. Loughran.

Treasury Receipts. Washington, Jan. 5 (AP)—The position of the treasury for January 3 was: Receipts, \$122,111,428.53; expenditures, \$135,557,777.93; balance, \$549,248,379.77; customs receipts for the month, \$2,537,467.18. Receipts for the fiscal year (since July 1), \$1,493,295,399.55; expenditures, \$2,750,940,296.57 (including \$1,257,276,376.27 for emergency relief); excess of expenditures \$1,257,644,936.62.

RECOVERING FROM INJURIES RECEIVED IN AUTO MISHAP. Mr. and Mrs. Albert Whitaker of Saugerties are recovering in the Kingston Hospital from injuries received on New Year's morning when the car in which they were riding skidded on the icy road near the Port Ewen cemetery and overturned. Mr. Whitaker received a dislocation of the hip while Mrs. Whitaker sustained a broken rib and other injuries. Both are under the care of Dr. Mark O'Neala.

High School Pupils Oppose Drastic Child Labor Law

Students Seeking the Passage of Proposed Amendment to Regulate the Labor of Pupils Under 18.

Although a number of adult organizations have gone on record as being opposed to the passage of this proposed child labor amendment, the students of Obondana and Clinton counties are sending a petition to the state legislature requesting its members to reject the measure.

Signers of the petition are principally students who will finish high school before they are 18 and who fully expect to find employment before they reach this age. They are therefore apprehensive of any possible legislation which would give Congress the power to prohibit their participation in lawful occupations on either a part or full-time basis before they become 18 years old.

The open letter to the state legislature signed by 229 young people reads as follows:

"During the approaching session of the legislature you will be asked to ratify an amendment to the federal constitution which, if passed, will give Congress the power to 'limit, regulate and prohibit the labor of persons under the age of 18 years.'"

"We young people, some of us of an age within the scope of this measure and the remainder not yet voting citizens, do hereby appeal to the members of the legislature to oppose the ratification of this amendment when it is brought before you for your consideration."

"Regardless of any assurances from the sponsors and supporters of this amendment to the effect that it is a humanitarian measure we are forced to the conclusion after a careful analysis of the question that its results would be detrimental to the best interests of the youth of our country."

"Our conclusions are based upon the following facts which we are endeavoring to outline briefly yet clearly:

"1. This measure is unnecessary. Every state in the union has laws regulating the labor of children. Each state also has laws pertaining to the education of children."

"2. It is unfair to youth. In the present day it is quite common for people to graduate from high school before attaining the age of 18. In many instances these people secure part or full-time employment which enables them to continue their education or to aid in the support of their families. Congress would have the power to prohibit these people from engaging in such work."

"3. It is the introduction of a policy foreign to our principles of government. The student of government sees this measure as a stepping stone to a program in which the government rather than the home is the dominating influence in the life of a youth. This amendment would place the child under the direct control of a federal bureau until he has attained the age of 18."

"4. It is socially undesirable. If a youth is prohibited by law from honestly earning money which he desires to have, he will take other means to secure it. This applies to girls as well."

"5. Because of these factors we believe that the evils accompanying this amendment outweigh any benefits to be derived from it and we therefore request the members of the legislature to refuse to ratify it."

States Change Votes. Although the legislatures of 25 states overwhelmingly rejected the amendment between August, 1924, and March, 1927, several state legislatures have since changed their negative votes to affirmative votes. At present 26 of the necessary 35 states have ratified the amendment, the most recent four being Minnesota, West Virginia, Maine and Pennsylvania.

REV. RIGGALL ILL. NO SERVICE THIS EVENING. The Rev. Charles E. Riggall, the popular pastor of the Clinton Avenue M. E. Church, underwent a very serious operation yesterday at the Kingston Hospital. His condition was reported at the hospital this morning as being fair. Because of his condition the union service scheduled at Clinton Avenue Church for tonight has been canceled. All services Sunday will be held at St. James Church.

RECOVERING FROM INJURIES RECEIVED IN AUTO MISHAP. Mr. and Mrs. Albert Whitaker of Saugerties are recovering in the Kingston Hospital from injuries received on New Year's morning when the car in which they were riding skidded on the icy road near the Port Ewen cemetery and overturned. Mr. Whitaker received a dislocation of the hip while Mrs. Whitaker sustained a broken rib and other injuries. Both are under the care of Dr. Mark O'Neala.

Democrats Organize Supervisors, Alfred Markle Chosen Chairman, Rippert, Clerk; Ewig, Attorney

Strictly Party Vote of 17 to 16 Cast For Each Office—Dr. H. L. Van Norstrand Is Elected Jail Physician—Road Placed on County Map For Construction—President of Ulster County Taxpayers' Association Asks for Low Tax Rate.

Every supervisor was in his chair when Henry R. DeWitt, clerk of the board, called the first session of the Democratically controlled board to order shortly after 7 o'clock Thursday evening. After roll call Mr. DeWitt called for nominations for temporary chairman of the board and Supervisor Matthew T. E. DeWitt of Hurley placed the name of Supervisor John Shultz of Saugerties before the board. Supervisor Derrenbacher of the Seventh ward seconded the nomination and Mr. Shultz was unanimously elected temporary chairman. Supervisors M. T. E. DeWitt and Roscoe V. Elsworth were appointed a committee to escort the temporary chairman to the chair.

Mr. Shultz accepted the gavel and stated that it was one of the happiest days of his life. He had almost reached the chair one year ago, he said, but "kids were put under me." He said the board had a duty to perform, that of working for the interest of the public. He asked the members to eliminate any political feeling and support a program which would give the public a benefit. Mr. Shultz then called for nominations for permanent chairman.

Ross Osterhout of Marlborough was recognized and said that for eight years a certain supervisor had represented a neighboring town most efficiently. This he said had been proven by the number of times that supervisor had been returned to the board by his townspeople. He said there was no doubt as to the ability of that man, he was honest and industrious and an able diplomat. He placed the name of Alfred Markle of Rochester in nomination and Supervisor Peter F. Simpson of the Sixth ward seconded the nomination.

Luther Dushnere of Gardiner placed the name of Roscoe V. Elsworth in nomination stating that for two years Mr. Elsworth had served capably and in a very pleasing and efficient manner to all. Joseph Armata of the Eleventh ward seconded the nomination.

Alfred Markle Chairman. There being no further nominations there was a roll call and Mr. Markle was elected by a strictly party vote of 17 to 16. Each of the candidates casting his own vote for himself.

As soon as the vote was announced Mr. Elsworth was on his feet and moved that the election of Mr. Markle as chairman be made unanimous. Supervisor Finch of the Tenth ward and Supervisor Orson Hayes of Hardenbergh were named a committee to escort the new chairman to the chair.

Mr. Markle briefly thanked the supervisors for the honor and said he would endeavor to perform the duties of the office efficiently. Virgil B. Van Wagoner, who was in the audience when the first man to congratulate the new chairman, going to the rostrum to shake hands with Mr. Markle.

The first act of the new chairman was to call for nominations for clerk of the board. John D. Rippert's name was placed in nomination and seconded by Supervisor Wright of Marlborough. Mr. Wright said that for six years Mr. Rippert has been a member of the board and two years he, Wright, had the honor of placing Mr. Rippert's name in nomination for the office of clerk but Rippert had been defeated at that time.

Roscoe V. Elsworth of Esopus, seconded by Supervisor Voss of Shandaken placed the name of Henry R. DeWitt before the board.

John D. Rippert Clerk. There being no further nominations the chairman declared nominations closed and on the vote Mr. Rippert was elected to a term of 17 to 16.

The chair appointed Supervisors Wright of Marlborough and DeWitt of Hurley a committee to escort the clerk to his position. Mr. Rippert said he appreciated the honor bestowed upon him and realized the responsibilities. It was hard to follow in the footsteps of a man like Henry R. DeWitt he said for it was hard to find a man who was more efficient and courteous than Mr. DeWitt had been. He said that if he made a few mistakes during the first few weeks of his new duty he hoped they would be overlooked until he could become familiar with the new duties.

For County Attorney Supervisor Cullen of the Eighth Ward placed the name of Arthur B. Ewig in nomination.

There being no further nominations the chairman declared nominations closed and on the vote Mr. Ewig was elected to a term of 17 to 16.

Heavy fog had settled over New York and a sleet and rain fell began. The radiophone went suddenly silent, and around officials expressed alarm, fearing that Burford, a veteran pilot, might have lost his way in the black, fog-banked skies.

Several New Jersey communities were reported hearing a plane's motor, and efforts were made to re-establish communication with Burford to guide him to a landing field.

Communication was restored at 3:45 a. m. at which time Burford said he had sufficient gas to remain aloft seven hours, and that he would remain in the vicinity of the field until an opportunity to attempt a landing presented itself.

He landed at 4:40 a. m.

Gold Price. Washington, Jan. 5 (AP)—The R.F.C. price for newly mined domestic gold remained today at \$24.06 an ounce.

RECOVERING FROM INJURIES RECEIVED IN AUTO MISHAP. Mr. and Mrs. Albert Whitaker of Saugerties are recovering in the Kingston Hospital from injuries received on New Year's morning when the car in which they were riding skidded on the icy road near the Port Ewen cemetery and overturned. Mr. Whitaker received a dislocation of the hip while Mrs. Whitaker sustained a broken rib and other injuries. Both are under the care of Dr. Mark O'Neala.

British Women In Training For Empire Reserve Corps

Mary Allen, a pioneer policewoman of London who holds the rank of "commandant," has organized a reserve corps of women for service in war or in civil emergency. She is shown straightening the scarf of a recruit at an inspection of a London group.

London (AP)—Women who will be trained in everything from caring for babies to handling a revolver, are flocking to the standard of Britain's new "women's reserve force."

Within a few weeks after an announcement by Commandant Mary Allen, pioneer policewoman, that she was organizing the force, more than 500 women in all walks of life had been recruited in London alone.

Force Is Uniformed

"Our first aim," says Commandant Allen, whose closely clipped hair and police uniform disguise her femininity, "is to show the world that we have in this country not only women who are prepared to serve in the event of war but women who are prepared to be efficient workers should we again have to face any civil

Aviation Also On List

"My own experience," says Commandant Allen, "is that the more women know about the handling of firearms the better for them."

There will also be special classes, for those who wish, in preliminary aviation. One of the first recruits of the movement was a licensed flier who owns her own airplane.

DUTCH FORBIDDEN TO BET: CHECKERS ON TABOO LIST

The Hague (AP)—The Dutch government, a month after ordering the closing of all gambling houses, decided to outlaw all betting games, either of skill or of chance.

The move is officially stated to be dictated by the growth of the gambling game among Dutchmen since the introduction of "straperlo and spiralo," a Dutch form of roulette.

In a village near The Hague the council has even prohibited all card-playing, chess, checkers and dominoes in the inns.

Python Battles Brazil Soldiers

Rio De Janeiro (AP)—A 33-foot sucury, Brazilian python, was captured by a squad of soldiers in the Matto Grosso jungle and sent to the zoo here. The snake, weighing 300 pounds, put up a stiff fight until the soldiers subdued it and sold it for \$60.

Soviet Buying to Quiet Claims of U. S. Firms

By STANLEY P. RICHARDSON.

Moscow, (AP)—American industrial firms which suffered confiscation of their Russian properties after the bolshevik revolution, may be offered as recompense substantial soviet orders if they are prepared to furnish long term credits in the opinion of authoritative private circles here.

Official sources refuse to discuss the subject but it is understood that, if these private claims reach the negotiation stage, the soviet govern-

ment will seek to avoid cash settlements and will favor instead an agreement like the one it reached with the General Electric Company in 1929.

Interest Rate High

This agreement provided that if soviet Russia bought \$25,000,000 worth of goods or services from the company over a period of six years General Electric would consider satisfied its approximately \$2,000,000 claim against Moscow for property seized in the nationalization process here.

In return, the soviet government obligated itself to pay a higher than normal interest rate on credits extended by the company. Long term financing was arranged for approximately \$4,000,000 yearly for the duration of the agreement.

Up to now, soviet purchasing organizations have not availed them-

selves of the maximum credits to which the agreement entitled them. Total purchases with the agreement only a little more than a year ago had amounted roughly to \$11,440,000. This leaves some doubt as to whether Moscow will take advantage of the opportunity to wipe out that particular claim.

Major Total At Stake

Regardless, however, of whether it buys up the full amount within the specified time, well informed circles here believe that soviet Russia will attempt to have the General Electric agreement made the pattern for any settlement at which it may arrive with other American companies.

The total amount of private American claims are believed to be in the neighborhood of \$500,000,000, with International Harvester and the Singer Sewing Machine Company

VICKS COUGH DROP

... Real Throat relief!
Medicated with ingredients of Vicks VapoRub

among the chief claimants. Preliminary discussions are expected to begin soon after the establishment of the new embassies in Washington and Moscow.

Athens (AP)—A bullet-proof armored car weighing more than three tons has been bought by Eleutherios Venizelos, veteran Greek statesman. Last June he narrowly escaped death when his automobile was riddled with bullets by would-be assassins.

CUT THIS OUT

EXCELLENT RECIPE FOR CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES

If you know of some one who is troubled with Catarrhal Deafness, head noises or ordinary catarrh cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. Scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs which is equally as dangerous. The following formula which is used extensively in a constitutional treatment and should prove especially efficacious to sufferers.

Source from McBride's of your druggist 1 ounce of Parmitol (double strength). Take this home and add to it 1/2 pint of hot water and a little granulated sugar, stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Parmitol used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial.—Ad.

OFFICERS' WIVES LABOR ON MOSCOW'S SUBWAY

Moscow (AP)—Wives of 250 Red Army officers attached to the Moscow garrison recently contributed a day's labor each on the Moscow subway, shoveling out dirt along with regular workers.

They labored the customary seven hours, and the construction managers said they over-fulfilled their "program."

The project has gripped popular imagination until groups ranging from factory workers to school children clamor for permission to devote to the "metro," the "social work" that all good citizens are called upon to contribute above their regular jobs.

★ A DELICIOUS CEREAL

Many millions of men, women and children who are benefited by taking yeast every day can now take it in delicious cereal form. Intensive laboratory research has developed and perfected a new cereal food called Yeasties... every flake of which is scientifically treated with pure, rich, health-building active yeast.

★ WHOLE WHEAT...WITH ALL THE BRAN

Yeasties is nutritious toasted whole-wheat flakes with a delicious nut-like flavor. All the goodness and health-giving properties of the whole wheat are there. And can you imagine eating Yeast without that flat, insipid taste... in a form so good that your palate actually craves for more!

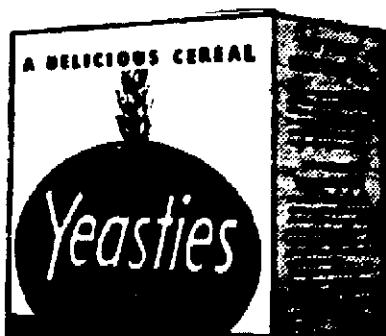

All the bran which is present in the normal whole wheat is retained in Yeasties. Bran is that part of the wheat flake designed by Nature to give the necessary bulk to your diet. It assists in a natural healthy manner the processes of elimination.

★ ACTIVE YEAST IN EVERY FLAKE

Yeasties is so full of active vitamins that each flake might be called a yeast flake... and yet each flake tastes more like popcorn or toasted nuts... Try Yeasties today and you'll notice its delicious flavor. Try Yeasties every day and you'll soon discover new energy, new health, new happiness... and a new sparkling complexion. For Yeast helps to purify the blood stream... cleanse the whole system... prevent constipation.

★ ECONOMICAL, TOO...43¢ VALUE FOR 17¢

Every package of Yeasties is equal to 10 generous servings of delicious toasted wheat flakes plus 10 servings of active yeast. If you bought these separately the cost to you would be at least 43c. Yet by buying them together in Yeasties you not only save money but obtain them in the most delicious, healthful and appetizing form possible. Order a package of Yeasties from your grocer today. Yeasties is on sale at all independent grocers and at the Grand Union stores.

"GOOD FOR WHAT AILS YOU"

NEW PARIS MODES AIM AT SIMPLICITY

Achieved by Perfection of Line and Materials.

Worth's mid-season collection called pretty gloriously through the barbed wire entanglements of hard-time conversation and came out victoriously with a cocky little feather in its hat.

Most of the items in this observed collection aim at utter simplicity, although they do achieve it through a perfection of line and the happy and judicious choice of materials. The costumes for daytime usually are in wool or satin, without exaggerated tightness or fullness anywhere, and the favored colors are darker shades—black, brown or navy—with the exception of one or two models which have been designed with a view to sunny days in the Riviera.

The skirts, or frocks, are of moderate length, reaching the half of the calf. Ensembles are composed of a three-quarter jacket worn over the dress or skirt and blouse, with or without the complement of a fur waistcoat.

BRIGHT WOOLEN

By CHERIE NICHOLAS

Here is exactly the type of dress to be choosing for campus, office or street wear. So new—for more reasons than one. In the first place it is made of soft woolen with stripes for trimming and stripes are the last word when it comes to dress ornamentation. However, the feature which counts most of all is that owing to an ingenious slide fastener which is concealed under the belt the dress may be instantly adjusted to fit the figure perfectly. This brand new idea is being received with wide acclaim because it is something needed—a dress that can be made to fit without going through the tedious experience of altering to measure.

STYLE NOTES

Sparkling sequins adorn night-life frocks.
Why not a blouse of bizarre striped jersey?
Bandeaux and tiaras abound in the evening picture.
It's just one ribbed silk after another on the fabric program.
Frocks under coats seem to see how close-fitting they can be.
New necklines call for ecclesiastical drapes especially monk hood-collars.
If you don't wear a jabot under your chin, then wear a bow. You must have one or the other.

Outdoor Styles Trending
Toward Heavier Apparel
Winter sports designers are trying to see how well they can wrap up their devotees.

The classic Norwegian trousers, practical and attractive, are advocated. The pushing of the plus-four has not been so successful as it involves the stocking problem and anyone who has tried them, knows that woolen ones are not so waterproof.

One winter sports designer is presenting canvas waterproofed spats, bound in leather. A costume of brilliant Scotch plaid wool, skirt and full golf trousers is shown with a skirt that you can put over them if you like.
A little sleeveless waistcoat of heavily padded, quilted silk to wear under your skiing jacket for extra warmth is one of the warmer and more practical accessories.

Much Gold in Fabrics
Gold has gone wool gathering. There is scarcely a new wool fabric now on the Paris market that isn't just all warped and worked up with gold threads running in all directions.

Long Cloaks
The long cloak, a favorite of the tall chic woman, is shown by several of the leading designers. It is generally made of velvet in such rich tones as midnight blue, navy blue or dark green.

Limited Height of Buildings
Augustus, first emperor of Rome, limited the height of buildings along the public streets to 70 feet, or six stories, because he feared structures could not be safely built high. Attempts to build higher than six stories, it is understood, resulted in disaster.

American Aviatix Is Burned to Death

Every Frost, Flying from France to Egypt, Killed When Plane Crashes After Missing Wire—Licensed a Year.

Bulletin—Every Frost, Jan. 5, 4 P. M. Every Frost, the American aviatix, was burned to death today in the crash of an airplane.

Miss Frost, who was flying to Egypt when the plane struck high tension wires in a gap several miles north of Nevers at 1 p. m. The plane burst into flames and she was trapped as it fell. The British diarist, Rutledge, who accompanied her, was slightly injured.

Miss Frost and her companion left Paris at 6:30 a. m. The plane had been purchased only recently and was a tourist model.

In Orly Miss Frost, who kept her tourist airplane hanged there, was well known as an aviation enthusiast.

She received her license here a year ago and had made frequent flights. Yesterday she flew to Orly from Paris with Rutledge.

It was said in Paris that Miss Frost's parents live in London.

Victims of a Woman

When men curse the inventor of stiff collars, they are cursing a woman, though doubtless few of them know it. She was an American, Mrs. Hannah Montague, the wife of a blacksmith. She washed her husband's shirts—and in doing so noticed that the collar was nearly always more dirty than the shirt itself. So, with a sudden inspiration she cut off the collars and put bands around the necks. Then she starched the collars. They stayed clean longer. Mr. Montague was agreeably surprised. He told his friends.

That was a century ago. A tablet on a house in Troy, N. Y., still bears witness to the memory of the inventor of stiff collars.

Unearth Ancient Altar

A fourteenth century altar stone in a good state of preservation was unearthed in grounds at Padley, England, adjoining a chapel building, which for more than 200 years has been used as a cowshed, but was recently restored and reopened. During the course of excavation work the leveling of a small mound revealed a slab which appeared to be the base of a chimney. For weeks it attracted no attention until a well known antiquary and architect paid a visit and identified the slab as the altar. Five crosses were found on the under side of it.

Lightning's Busiest Spot

Lightning is more destructive in the Transvaal, South Africa, than anywhere else in the world.

Where a Nation Shops and Saves!

Illinois May Re-enact the Wynekoop Murder

Illinois State Bureau of Investigation—Operating Table Is Held And Other Items—Defense Requested By Judge's Order.

Chicago, Jan. 5 (AP)—The State may offer to re-enact its conception of the death of Rheta Wynekoop for the jury which is to try her mother-in-law, Dr. Alice Wynekoop on a charge of murder.

A hint of this was given by the prosecution yesterday when the case against Dr. Wynekoop was continued for one week by Judge Joseph B. Hawley, who refuses to grant a request by the defense to impound or suppress as evidence various items used at the Wynekoop home, including the operating table upon which Rheta's partially nude body was found with a bullet wound in the back.

Although Assistant State's Attorney Charles S. Dougherty declined to discuss his future strategy, the retention of the operating table aroused speculation as to whether the state planned to bring an effort to Rheta's body into court in an attempt to show how she died.

Rheta met death last November in the basement surgery of Dr. Alice's West Monroe street home.

Malaria control will be attempted in 19 southeastern Missouri counties by workers for the civil works administration.

Clothing Bureau To Open Saturday

The clothing bureau, which has been approved as a CWA project, will open Saturday morning on the third floor of the building occupied by the local CWA on Pine Grove avenue. It is planned to place some 20 women at work that morning and that number will be increased until the full force of 30 women are employed. This bureau takes old clothing which has been donated and makes it into new garments both for adults and children. Donations of shoes and clothing are needed as the supply on hand is limited.

LUTHERAN PASTORS WILL MEET HERE NEXT MONDAY

The monthly meeting of the Lutheran Pastors' Association of the Kingston District will be held Monday afternoon at the home of the Rev. William Pretzsch, 72 President's Place, following a luncheon in one of the local restaurants.

Bloomington Reformed Church Special services will be held this evening and Saturday evening in the Bloomington Reformed Church. Fred Fatum will be the preacher this evening and Saturday's service will be devoted to a musical program.

Hadassah Card Party. Kingston Chapter of Hadassah will hold its card party at the Downtown Jewish Community Center Monday evening, January 8. The public is invited. Refreshments will be served.

Chorea Fatal to Dogs. Chorea, or St. Vitus Dance, in dogs is usually incurable after it follows distemper and other complications set in. The disease affects the nerves and causes involuntary twitching and jerking of the muscles.

Ice Age Relics in Illinois. Samples of burned logs, leaves and other plant remains taken from the thick peat deposits of the known Ice age have been found in Illinois.

Here's the Coal for Homes that "Never Get Warm"

New Hi-Test Coal
Black Stork Anthracite
gives quicker heat in the morning; steadier heat all day.

Some houses just seem to "never get warm." More often it is the coal that just doesn't give you all the heat you pay for. It may be due to slate; to clinkers; to excessive ash. But you don't have to put up with it.

You can get a new and improved coal—BLACK STORK, Hi-Test Anthracite. It can't clinker, it is 99.77% Slate Free. It gives far less ash than most coal you know. Besides it burns steadily all day—gives lots of heat, with less attention to the furnace.

Phone us for BLACK STORK Anthracite.

Coal today if your home won't get warm. You will be surprised at the change. You'll save money, too, for there are dollars of savings in this improved coal. Just ask for BLACK STORK, that Hi-Test Anthracite.

PORT EWEN

Port Ewen, Jan. 5.—The Boy Scouts will hold their regular meeting in the Reformed Church house at 7 o'clock this evening.

The Ever Ready Club will be entertained at the home of Mrs. H. C. Jump, Monday evening, January 8.

The consistory of the Reformed Church will hold a series of three card parties in the church house, the first of which will be held Thursday evening, January 25, at 8 o'clock. The public is cordially invited to attend.

Hope Lodge, No. 65, K. of P., will hold its regular weekly meeting this evening.

The Firemen's Fifth, Drum and Bugle Corps will practice in the fire house at 8 o'clock Monday evening. All members are urged to be present.

Warren Howe of Union City, N. J., is visiting his grandparents, Mr. and Mrs. Charles Howe, of Main street.

DE MOLAY INSTALLATION TO BE THIS EVENING

Colonial Chapter, Order of De Molay, will hold a public installation of the newly elected officers this evening at 8 o'clock in the Masonic Hall, Wall street. Each year the local chapter opens its doors and extends a cordial invitation to the friends of De Molay to witness the ceremonial rites included in a regular installation.

The guest speaker of the evening will be the Rev. Dr. Lucas Boeve of the First Reformed Church, who will address the gathering on some subject of interest.

The entertainment committee has arranged a lengthy program including selections by a well known local orchestra, vocal numbers, comedy skits, and other novel features.

Following the entertainment a social hour will be enjoyed and refreshments will be served.

All friends, both old and new, of De Molay are invited to take part in this enjoyable evening. No admission will be charged.

WEEK OF PRAYER OBSERVED AT NEW PALTZ M. E. CHURCH

New Paltz, Jan. 5.—The week of prayer service in the Methodist Church opened on Tuesday evening with a devotional period led by Miss Elaine Kniffen, who first read a poem, "A Jesus Turned With Love," by Abbie Graham. Miss Kniffen read another poem and gave the Scripture reading.

The Rev. John W. Follette, in the absence of the Rev. H. G. R. Dikeman of Pine Bush, was the speaker.

The meeting closed with the Atonic Benediction.

Following the service the Ladies Aid Society held its regular monthly business meeting.

GOODY! NO HOME WORK! BUT PUPILS CAN'T PLAY

Rome, (P).—"Home work" will no longer burden the young shoulders of fascist school children.

Francesco Ercole, minister of education, has admonished teachers that they are expected properly to mould the minds of the little blackshirts without recourse to outside study.

But the minister also made it clear that idleness or purposeless play should not be tolerated. He said every true blackshirt family would send its children to organized exercise in gymnastics of the youth organizations or keep them in quiet absorption of fascist culture in the bosom of the family.

Manchuria Floods New Mines

Dairen, (P).—Enormous new manganese deposits have been discovered in South Manchuria. They total 5,000,000 tons and will be worked by a subsidiary of the Japanese-owned South Manchuria railway.

Seeks Big Yields

HENRY A. WALLACE

When Henry Wallace goes into his corn field he's not only secretary of agriculture but also Farmer Wallace eager to develop large-yielding seed corn.

Darkness

By MARY GRAHAM BONNER

At last Willy Nilly seemed to be making some headway. With the help of his animal friends could give pushing out the snow with their paws and feet, and with the work Willy Nilly did with his shovel, it seemed that they would be able to fit the door in place.

"Just a moment," Willy Nilly said. "I'll have to light the lamp." The first match went out, then the next match, and the third, until Willy Nilly went far over in the corner of the room and put the lamp where he thought the wind would not get at it. Then the fourth match did the work.

They were just about to get the door up when the wind was joined by a Breeze Brother coming from another direction, and the Breeze Brother wickedly found the lamp. Over went the lamp, breaking as it fell to the floor. They were in darkness, the lamp was broken, the wind had now knocked over the vase with the autumn leaves, and the snow was drifting in through the wide-open door.

"You'd better all rush upstairs," shouted Willy Nilly in the darkness. "I'll try to keep as much snow out as I can until this storm lets up."

"Don't be absurd!" quacked and barked and crowed the others. "We'll all help. We'll do what we can. Even a little is better than nothing."

nothing, quack, quack, bow-wow, caw, caw, cackle, cackle."

In all the darkness and storm and cold a little warm glow went through Willy Nilly. None of the little man's friends would desert him. They all wanted to be with him rather than safe, upstairs.

And then—a light gleamed in the darkness. What could that mean?

Tomorrow—"The Flashlight"

ROSENDALE GRANGE TO INSTALL OFFICERS

Rosendale, Jan. 5.—The next regular meeting of the Rosendale Grange, 1501, will be held in Firemen's Hall on Monday, January 8.

At this time the newly elected officers will be installed by R. K. Osterhout, past master of Stone Ridge Grange, assisted by Rosendale's installation team. All officers are expected to be there and all patrons are asked to make a special effort to attend this meeting.

The officers are: Master, Floyd Deltz; overseer, Edward Brodsky; lecturer, George Kennedy; steward, John Bordenstein; assistant steward, Grover Dunn; chaplain, Mrs. B. Gurnett; treasurer, D. Christiana; secretary, Mrs. M. Baxter; gatekeeper, Kenneth Randegger; Ceres, Ruth Paradies; Pomona, Hazel Conklin; Flora, Carrie Brodsky; lady assistant steward, Jeannette Conklin; executive committee, A. Merrihew. Refreshments will be served and a social hour enjoyed.

U.S. Seaplanes Ready To Bid For Record In 2,150-Mile Non-Stop Flight To Hawaii

By WALTER B. CLAUSEN

San Francisco (AP).—The wings of Uncle Sam's newest heavy bombers of the air will be tested in the greatest non-stop flight ever attempted by seaplanes in formation.

Six big flying boats, of the navy's tenth patrol squadron, will lift their 100-foot wings from the waters of San Francisco bay about January 12 for Pearl Harbor, Hawaii, a flight of 2,150 nautical miles.

Thirty Men on Trip.

There will be 30 men aboard the six big flying boats, when Lieut. Comm. Kneffer McGinnis, in his command ship, leads the way westward, over the Pacific.

These big aircraft, which have a normal load weight of nearly 10 tons each, are to the air forces of the navy what the heavy cruisers are to the floating fleet.

Each flying boat carries a normal peace time crew of five, consisting of the pilot in command, who also is navigator; two assistant pilots, trained as bombers and gunners, a radio man and a mechanic.

Linked by Radio.

Radio equipment provides constant two-way communication between ships of the squadron as well as long distance communication.

Months ago the navy department assigned this squadron to the Hawaiian naval base.

Lieut. Comm. McGinnis flew his squadron from Norfolk, Va., to the Panama Canal, last September, in a

Wing-Testing—From San Francisco To Pearl Harbor

Uncle Sam has aimed six of his newest seaplanes at a record—the greatest non-stop flight in history by seaplanes in formation—over the 2,150-nautical mile route from San Francisco to Pearl Harbor. Here, against the background of sister ships, one of the "flying cruisers" makes a landing.

non-stop flight of 1,788 nautical miles. Then up the west coast the squadron flew to Acapulco, Mexico, 1,250 miles, and thence to San Diego, 1,450 miles. Then Rear Admiral Albert W. Johnston, commander of aircraft of the United States fleet base

force, decided to fly the air cruisers to the Hawaiian Islands.

Ships Along Route.

Admiral Johnston will place his flagship, the aircraft tender Wright, 600 miles off Honolulu as a station

ship for the flight. Other station ships, mine sweepers and destroyers, will be at 200-mile intervals.

At their cruising speed of 80 miles an hour it is expected the flying boats will make the San Francisco-Honolulu hop in 24 hours.

Flashes of Life Sketched in Brief

(By The Associated Press)

It's "Crucial"

Chicago.—The allegation was made in a divorce petition that Patrick Lister left his wife, Mary, 61 times since they were married in 1925, but that each time she permitted him to come back and be reconciled.

Mrs. Lister, however, was the plaintiff. It was Patrick who sued and he charged cruelty.

A Wise Bird

Esplanade, Colo.—It seems that Davy Jones' parrot can tell good liquor from bad.

Sparks, the 20-year-old bird, enjoyed a regular whiskey diet when Jones sailed the sea. When prohibition came, Jones offered Sparks a drink of molasses. For three days the bird was as sick as any landlubber. Never again would he touch a drop.

After repeat Jones bought a bottle of legal liquor. Sparks gave a parrot's imitation of a lip-smacking scene and asked for more.

Mother Knew Best

Oklahoma City.—"Our mothers told us to plead guilty and take the punishment," Vernon Ward, 12, told Judge R. L. Hill, Judge Hill sentenced Ward and Eugene Ledford, 15, to one year each in the Granite state reformatory for theft of an overcoat.

Just Wants To Be Sure

Oklahoma City.—State Bank Commissioner W. J. Barnett trained "Kingfish," his dog, to go to the front porch of his home and bring in the morning paper. Now, says Barnett, "Kingfish" goes about the neighborhood collecting newspapers from front porches. The commissioner returns them.

Got Her Wish

Denver.—Through the courtesy of President Roosevelt and the cooperation of Denver's Knights of Columbus, a little orphan girl is skipping about with a song in her heart and a belated Christmas gift on her bureau. When the Knights of Columbus Santa Claus asked 12-year-old Dorothy St. Clair what she wanted for Christmas she said a picture "of our good President."

Wouldn't Let Her Eat Cake

Pittsburgh.—It turned out to be a fine reducing diet, but in seeking a divorce Mrs. Marie Lonetti disclosed that she apparently didn't want to reduce.

She charged that John A. Lonetti, her husband, didn't give her enough to eat—the menu was mostly beans and potatoes, she said—and caused her to drop in weight from 160 pounds to 125.

Her Dream Came True

Marion, Ind.—Mrs. S. E. Johnston not only held a perfect bridge hand of thirteen spades here last night—she heard her bid of seven doubled, she redoubled, and her partner in the game of contract totaled her score on the hand at 2,490 points.

Likes Cold Weather

Brookfield, Conn.—Spring is near! Or maybe this bird forgot it was winter.

Mrs. Harry Tucker discovered a robin among the chickadees, sparrows and starlings that come to her yard daily for food.

He Cried "Wolf"

Philadelphia.—Constable John McDonough served summonses on eleven store managers in adjacent upper Darby. Eleven store managers chorused "Bologna!"

Several weeks ago the same constable had given them all "summonses," which turned out to be a stratagem to get them to a "boosters' meeting."

But McDonough gets the last laugh in court today. The state labor department has accused each manager of overworking women employees.

INFORMAL GROUPS WILL GO TO STATE CONVENTION

"Youth Answers the Challenge of Jesus" will be discussed in informal groups at the State Youth Convention at Rochester on February 15, 17 and 18, rather than in the usual formal groups of past conferences. Between 500 and 1,000 young people from all the cities, towns and villages of the state are expected to be present in what will probably be the largest Youth gathering in the state this year. Two of the larger hotels in Rochester have been reserved to house the delegates.

The theme will be enlarged upon by leaders in various fields of endeavor through the medium of the informal discussion groups as follows: "Personal Religion," "The Christian Home," "New Youth in the New Church," "The Christian Youth Movement," "A Christian Economic System," and "Builders of a New World."

Local registrations are in charge of Kimbol Piria, president of the local Council who has been appointed Area Director for the area between Kingston and Newburgh.

Five Feet Nine Up
The condor probably ascends to greater altitudes than any other bird. It is believed that it sometimes struggles up to a height of four miles.

Jack Dempseys Expecting Heir For Your Cough?

San Lake City, Jan. 5 (AP).—The Jack Dempseys are expecting an heir. The ex-champion of heavyweight fighters just recently retained the title any longer, so he broke the news during a 20-minute stop in his old home town as he and Mrs. Dempsey, the former Hannah Williams of musical comedy, detained from a transcontinental flight here (AP).

"I always wanted one," he confessed. "We hope it'll be twins."

Mrs. Dempsey, "The Cheerful Little Earl" of Broadway, was a smiling auditor as Jack broke the news. They will stop in Chicago for a day, Dempsey said, and will continue on to New York city where the former champion hopes to get Primo Carnera, the present world's champion, and Max Baer together for a titular melee.

Plants Live in Ocean

As deep into the ocean as sunlight can penetrate, plants live. Like land plants, these minute plants of the ocean, the diatoms, cannot live without light. With the aid of light they like land plants, take carbon dioxide and water and fashion them into food carbohydrates first, the energy food, then with the addition of nitrogen the proteins, the muscle foods.

nomination and Supervisor Hulstair of the town of Kingston seconded the nomination.

A. R. Ewig County Attorney.

Supervisor Elsworth of Esopus placed the name of Robert G. Groves in nomination and Supervisor William of Plattekill seconded the nomination. Mr. Ewig was elected by a party vote of 17 to 16 and Supervisors Cullen and Shultz were appointed a committee to present Mr. Ewig.

Mr. Ewig stated that he was ready to aid in any way all members of the board and said he would give to the members of the board the same efficient service as he gave his private practice.

For Jail Physician Supervisor Finch of the Tenth Ward placed the name of Dr. Harold L. Van Norstrand in nomination and Supervisor George of Denning seconded the nomination.

Dr. Van Norstrand Jail Physician

Supervisor Elsworth of Esopus placed the name of Dr. Buel W. Maheu in nomination and Supervisor Voss of Shandaken seconded the nomination. On a vote Dr. Van Norstrand was elected by a party vote of 17 to 16.

A 10 minute recess was declared by the chair.

Road Added To Map

On re-convening a communication was received from the county superintendent of highways, James F. Loughran, requesting that the highway leading from County Highway No. 75 at Brink's corner and running through the towns of Ulster and Kingston to meet County Highway No. 90 at the Philip Van Ethen farm be placed on the county map for construction. This road is 1.9 miles in the town of Kingston and .5 mile in the town of Ulster. Later on motion of Supervisors Hulstair of Kingston and Boice of Ulster the road was added to the map.

The designation of the Kingston Daily Freeman and the Kingston Leader as the official papers of the county to print the Election Notices issued by the Secretary of State, Concurrent Resolutions and the Official Canvass for the years 1934 and 1935 was read and filed.

Supervisor Simpson of the Sixth Ward moved that the rules of 1932-1933 be made the rules of 1934 and 1935. Adopted unanimously.

Supervisor Osterhout of Marlboro moved that the clerk of the board be empowered to employ an assistant clerk and additional help as necessary at a salary not to exceed \$2.00 for any one year. Unanimously adopted.

Asks for Low Tax Rate.

Supervisor Finch, of the Tenth Ward, moved that the representative of the Taxpayers' Council be extended the floor. Supervisor Cullen, of the Eighth Ward, seconded the motion and George J. Mutari of Saugerties, president of the Ulster County Taxpayers' Association, and also of the Saugerties Council, was presented.

Mr. Mutari said that he was not prepared to present at this time the resolution of the taxpayers. He said there was dire need of cooperation between the supervisors and the taxpayers. He said as taxpayers they heard much on the outside which was not communicated to the board. What was desired was a low tax rate.

Officers Elected By Masonic Club

The annual meeting of the Kingston Masonic Club, held at the club house on Albany avenue Thursday night, developed into a very interesting session. The president, Arthur J. Burns, presided at the business meeting. Following reports of officers on the work done the past year, there was a discussion, participated in quite generally, of plans to increase interest in the affairs of the club and to popularize the club house. Leading members of both Kingston Lodge, No. 10, and Roundabout Lodge, No. 343, were present and took part in the discussion, especially in consideration of possible plans for utilizing the building for meetings of the two lodges.

Three directors for terms of three years were elected. They are Arthur J. Burns, Harry DuBois, Frey and Harold V. Clayton. The first two are re-elections. Following the business meeting the directors met and elected the following officers for the present year:

Arthur J. Burns, president; Samuel Stern, vice president; Harry S. Hutton, secretary; Harry DuBois, Frey, treasurer.

Mr. DuBois, who was elected corner for the office in the last election, tendered in the last election because of the fact that he had two years more of the term to which he had been elected. Mr. Humiston was re-elected to succeed himself in 1932, for a term of three years.

Mr. DuBois, who was elected corner for the office in the last election, tendered in the last election because of the fact that he had two years more of the term to which he had been elected. Mr. Humiston was re-elected to succeed himself in 1932, for a term of three years.

Mr. DuBois, who was elected corner for the office in the last election, tendered in the last election because of the fact that he had two years more of the term to which he had been elected. Mr. Humiston was re-elected to succeed himself in 1932, for a term of three years.

SABLER SANITARIUM

HELD ANNUAL FAIR

Annual Christmas fair took place at the Sabler Sanitarium shortly before the holidays and the management considered it a success and was to thank all those who did their part to help it along. It was held in the usual way by the

Lead-A-Hand Society who holds two fairs each year, one at Christmas, the other in mid-summer. The proceeds from these are always distributed among several institutions and needy individuals. The beneficiaries of the past Christmas fair were: The Salvation Army, the Industrial Home, the City Home, the Tuberculosis Hospital and the Home for the Aged as well as several individuals.

Van Ingen Spoke To Kiwanis Club

Changes in Education Is Topic of School Superintendents at Thursday Meeting of Kiwanis Club.

B. C. Van Ingen, superintendent of schools of this city, addressed the Kiwanis Club on the subject of "Changes in Education" and it was pronounced by many present as one of the most discussions the club has yet had.

Mr. Van Ingen said that in going through the vault in the high school he recently found a small roll of paper which on opening was a printed statement made by the trustees of K. A. under date of 1830, 103 years ago.

He read the following from this sheet:

"A new building was erected last year. The only rational object of an education is to qualify for usefulness and happiness. It is not enough that the intellect be cultivated while the heart is suffered to run waste. Neither will it avail anything to rear to a goodly stature both the moral and mental faculty while the physical is neglected. A defect in one paralyzes the efforts of the other."

These objectives stated so well so long ago are still cardinal principles underlying all education.

He then contrasted the district school of 25 or 30 years ago in buildings, equipment, teachers and supervisory staff with those of the present. Then he took the high schools of that same period comparing them with those of the present, stressing particularly the widely extended courses and subjects of today as contrasted with those of two or three decades ago.

He showed, too, how the costs of maintaining schools had changed since the first legislation for state financial aid in 1795. The influence of DeWitt Clinton was probably the chief factor in the state legislation at that time, asserting that education is a state function and as such should have state aid.

In 1812 a law was passed estab-

lishing the district system of administering schools and providing some state aid toward teachers' salaries. This was so small that most districts had to resort to "rate bills" method of paying for instruction.

In 1865 the public school system of the state was set up but the support of schools was largely a matter of local tax levied on real estate.

Up to about 1900 the weight of the tax was largely real estate but in recent years real estate is estimated as representing about 3 per cent of the wealth of the country and bearing 7 per cent of the tax burden.

In order to remedy this burden somewhat and to equate school opportunities and taxation, a bill was presented to the legislature and enacted into a law making state aid to every school unit depend upon ability to pay tax as shown by the assessed real and upon the attendance of pupils of the district. Schools are operating under this law at present. Each year because of increased attendance, the state aid was proportionately increased until 1910-1911 when it had reached because of the depression. Last year a reduction of 10 per cent was made from the total amount including the increase in amounts for increased pupil attendance. The sum apportioned therefore was approximately the same as for the two preceding years. This meant a loss to every educational unit in the state.

At the present time the governor's budget committee has recommended that the same amount be apportioned for 1934. The governor's educational cost committee, appointed last summer, makes a majority report recommending full state aid. Should the former prevail, schools will suffer a loss of approximately 14 per cent. How can this be made up? By increased local taxes which must be born by real estate or by curtailment of educational functions, such as reduced personnel, increased number of pupils in classes, elimination of certain subjects and courses, shortening of the school year below the usual ten months, etc.

But who will suffer in the final analysis? The children! They will be deprived of a portion of their educational birthright which can never be restored.

Russia depends upon the education of its youth for the support and perpetuation of its communistic form of government. Germany is fever-

ishly organizing its youth and training them with the view of preparing for its preservation.

Democracy depends upon an educated citizenship for continuation. Will the home of Democracy—America—fall in this crisis to maintain its high educational standards and ideals?

The famous Kiwanis performers, Hank & Bob, sang "Let me Call You Sweetheart" very feelingly. The Hancock-Tremper team tried the same song in competition with the Holland-St. John team, both winning applause. Paul Zucca, the leader, remarked that after he had heard these teams perform together that they reminded him of the Soxers from Lucia. There is no other song that demands more harmony for its proper rendition and they tried their best to put some harmony in it. Mr. Zucca on investigation found that the only effect the singing had on the club was the fact that his watch had stopped.

Henry Osterhout won the prize for the day, that is, the attendance prize.

Kiwanian Van Valkenburgh reported the progress made on the plans for installation night which will be held at the Governor Clinton Hotel on the evening of January 18. It will be ladies' night and is expected to be the biggest Kiwanis function of the year. George D. Aird of Kingston was a visitor.

Holidays Observed

Holidays which are observed in every state in the Union are: New Year's day, Washington's birthday, July Fourth, Labor day, Thanksgiving day and Christmas day. These are legal or public holidays, made so by acts of legislatures in the states, by acts of congress for the District of Columbia, or by proclamation of the President. The United States congress has not the power to decide for the states the observance of any day as a national holiday.

The Busy Ants

Working together unselfishly (to all appearances), ants milk herds of aphids, cultivate fungi for food and store seeds. They capture other ants and make them slaves. May they some day threaten man's superiority? Biologists give a reassuring "No" for answer.

BAKER'S FURNITURE STORE

NO. 35 NORTH FRONT ST., KINGSTON, N. Y.

Old Friends of TR Plan Honor Saturday

Oyster Bay, N. Y., Jan. 5 (AP)—

Old friends of Theodore Roosevelt will gather tomorrow in the little cemetery at Cove Neck, Long Island, where each year on January 6 they observe the anniversary of the death of the late president.

As in 14 years past, the president's widow will throw open the doors of the Sagamore Hill estate to receive them after a brief ceremony of remembrance.

Following Ben Franklin
Even after Benjamin Franklin, in his notable kite experiment of July 4, 1752, showed that lightning was merely electricity the persistence of the supernatural in connection with lightning was still recognized. After lightning rods and lightning protection came into use the phenomena were widely regarded as violations of divine displeasure and attempts to thwart the danger considered by some as sacrilegious. Following this, the best stage in the progress of lightning protection was the rise of the "lightning-rod salesman" harvesting fortunes based on misconceptions of the usefulness of rods for protection.

Where ancient
prayed

Centuries-old ruins of a forgotten civilization became the scene of a modern drama; where the Mayans a thousand or more years ago offered human sacrifices to their gods, a remnant of the race tries to perpetuate the pagan rites.

This is the sinister, mysterious setting for Henry James's new serial, **BLOOD GODDESS**, a story of high adventure, thrilling climaxes and a tingling romance.

Financial
and Commercial

New York, Jan. 5.—Perplexed financial markets, forced to figure on a sudden change in the outlook for the year, were unable to move very far in any direction.

Stocks were almost at a standstill in the early hours with most of the speculative favorites dropping and rallying only feebly. The metal group turned a little heavy, after its late rally of the previous session, when inflationary propaganda lost some of the terror which they had drawn from implications of the government's high expense account. The dollar also recovered in foreign exchange dealings. Grains, cotton and most other commodities held to a narrow groove. U. S. Government securities eased a bit, but other bonds did little.

There was a mild demand for utility shares, with American Telephone, Consolidated Gas, Public Service of New Jersey and North American moving up moderately. Douglas Aircraft rallied a point on word that the War Department planned to buy a large number of planes. Canadian Pacific, du Pont, Allied Chemical, General Motors and American Pacific were fairly firm. Chrysler, U. S. Industrial Alcohol and American Gas dropped a point each. U. S. Smelting, McIntyre, American Smelting, Dome and Alaska Juneau yielded fractions to more than a point. Minor changes ruled elsewhere.

There was a sharp division of opinion as to the inflationary aspects of the new budget. In some brokerage offices the opinion was broached that, in the face of the big government spending program, it would be virtually impossible to avoid both credit and monetary inflation. The "sound money" elements, however, were inclined to lean toward the belief that drastic currency expansion was not in the financing picture.

Dressed poultry steady to firm and unchanged.

Live poultry steady; broilers, express, 8c-22c; ducks, freight, 12c; other freight and express unchanged.

About the Folks

Clyde Brown of Stone Ridge has gone to Virginia where he has taken a position for the winter.

Mrs. Florence Fisher was removed from the Kingston Hospital to 45 Newkirk avenue in the ambulance Thursday afternoon.

Mrs. Jane Cockburn of Hurley, who has been seriously ill with appendicitis, is doing nicely under the care of Dr. H. P. Van Wageningen.

Mr. and Mrs. A. Worms of 5 Grand View avenue, have purchased a new de luxe Nash car in chocolate green color, which is very good looking.

Mrs. Charles Tiller, who has been seriously ill, is improving nicely at her home at West Hurley under the care of Dr. Harry Parker Van Wageningen and Margaret Stinger, R. N.

Knowing Bacteria
Bacteria have been in the world with man ever since he first arrived on earth, and he has wrestled with them from birth till death through all the generations of mankind; yet he has known practically nothing about them until during the past fifty years, when he has learned how to study them at their work.

WEST SHOKAN

West Shokan, Jan. 5.—A report emanating from a prominent spokesman in the new Olive town board organized at the home of Supervisor Leroy Davis on Tuesday, reveals the information that the initial gathering was very amiable. The presence of the affable Rev. Thomas S. Braithwaite of Shokan as one of the new justices, was considered by fellow members as a distinct innovation. The percentage of a minister as a duly elected judicial official stands preponderant in the history of Olive. Abel North, stalwart action of long established local ancestry was reappointed welfare officer. The old board in its work of completing the burdensome annual settlements passed to its final official oblivion without thought of its duty of appointing inspectors of election and constables. Due to the unfamiliarity with the new town laws, becoming effective on January 1, no copy being available, the new governing body together and agreed to put the matter over until next meeting. Some assert it is said, that inspectors and constables must be property owners in order to become eligible to appointment. Minutes of the meeting were kept by Justice Henry Winchell. It was designated that winter sessions of the board be held at 1 p. m. on the last Friday of the month, at Olive Bridge I. O. O. F. Hall.

Harold Wilson of St. Louis, Missouri, is making an extended Yule season visit at Mrs. Ida Steen's Glen Springs cottage. Mrs. Wilson and her daughter have been here since early summer excepting for a five-weeks' stay in New York city, where her son, Harold ("Chubby") to his friends, is employed. Mr. and Mrs. Wilson plan to return next week to St. Louis.

Mr. and Mrs. John C. Marshall and son, Harry, of Olive Bridge, spent a pleasant evening Tuesday, January 2, within the congenial domain of Judge and Mrs. Henry Winchell at Sunny Cliff. Mr. and Mrs. Marshall, as Olive folks well know, were the capable and always obliging tenants for the past four years of the town clerk's office. Although assured of almost certain re-election, Mr. Marshall refused to be considered an aspirant to the office. Their gracious retirement from this important place in the town government, although generally regretted, carries with them from their unstated duties the well wishes of all citizenry in their future behalf.

The kitchen chimney of the Davis residence at West Shokan Heights resembled a miniature volcano on Wednesday morning as flames, smoke and ashes spouted from its blackened rim. The fact was unknown to the family comfortably quartered within, until appraisal of the fact by the alert Mr. Wilson upon his arrival with the milk truck. A subsequent examination revealed that the exposed section of the chimney passing through the attic had become considerably cracked. Fortunately no fire damage resulted.

Although Mrs. Grace Winchell's faithful old model T Ford negotiated the icy roads without a skid on a recent Kingston produce delivery trip, the more recent 14 below zero weather proved its Nemesis until the New Year thaw.

The 12:30 noon Saturday broadcast over WGY is looked forward to in keen anticipation by the many friends of Miss Ida May Davis of Olive Bridge who will be one of the five girl speakers on the 4-H Club broadcast. Doubtless Miss Davis herself is quite thrilled at her first appearance before a mike.

It is reported that Trooper Ray Dunn of Schoenfelda patrol and popularly known here as "Trooper Ray" is undergoing medical treatment due to tonsil infection. Friends trust that genial Ray may soon recover sufficiently as to resume his southerly swing again.

Shaggy-Haired Mammoths
Larger Than Elephants

Mammoths were huge, shaggy-haired beasts, resembling both the mastodons which preceded them and the elephants of today. They had trunks and long, curving ivory tusks. They lived in what are now North America, Europe, and Asia and existed during the Ice Age, which started about the beginning of the Pleistocene period and lasted up to the beginning of the modern age, or the last fifteen or twenty thousand years. Bones of mammoths have been found by scientific investigators in many places in this country and in Europe.

In Siberia complete specimens have been found frozen in the ground by modern scientific investigators. Ivory from the remains of mammoths for many hundreds of years has been an article of commerce in Siberia. The flesh and hair of the specimens found in frozen ground were in a good state of preservation. Mammoths were larger than the present-day Indian elephants and some of them were larger than the huge African elephants. They differed from the modern elephant in that their ears were much smaller and their tusks longer and more curving.—Chicago Tribune.

The Northerners

The Northerners were sea rovers from Denmark, Norway and Sweden who became famous during the period between the middle of the Eighth and the beginning of the Thirteenth centuries. They were also known as Vikings. Many of them penetrated into far lands and subdued weaker rivals. They began their first attack upon England in 787 and raided the shores of Flanders and France. From about the middle of the Ninth century, the Northerners established themselves in permanent camps at the mouths of the French rivers. They took possession of Paris, although eventually they were repulsed. Alfred drove them from England, but Charles the Simple of France turned over to him, one of their chiefs, the duc de Normandy. As early as 1200 they had entered the Mediterranean and founded kingdoms in lower Italy and Sicily. They also penetrated into Russia.

Three Men Taken to
Prison at Dannemora

Three men sentenced to supreme court Thursday afternoon by Judge John T. Longhman were taken to Clinton State Prison at Dannemora this morning. Three officers accompanied the trio. Deputy Sheriff Abram Molynaux, Deputy Sheriff Tinnis and Officer Fred Stout of the Kingston police force took the prisoners by train from Poughkeepsie, the trip to Poughkeepsie being necessary in order to get the Montreal express through to Plattsburg. The local ferry is not running due to ice and the trip to Poughkeepsie was made by car.

Thomas Napolitano will serve from 15 years to life. Abraham Bergel will serve from five to seven years and Samuel Weinstein will serve 2 1/2 years for their part in the alleged kidnapping of two First Packing Company employees here on November 11. The trio were charged with an attempt to secure a payroll consisting of \$10,000, first degree kidnapping for the taking of the two employees, and grand larceny for the taking of the First Packing car in which the two messengers had gone to the bank to make a deposit. They were held up on their return trip and no money was taken.

Society Notes

Engagement Announced

New Paltz, Jan. 5.—Mr. and Mrs. Kurt Shaefer of Gloversville announce the engagement of their daughter, Doris, to Stanley Hoffmann of Jeffersonville, N. Y. Miss Shaefer is a senior at New Paltz Normal and Mr. Hoffmann is a member of the Normal graduating class of 1933, also a former resident in this village.

Announces Engagement

New Paltz, Jan. 5.—Mrs. Pearl L. Sigafos of Yonkers announces the engagement of her daughter, Pearl Meredith, a graduate of New Paltz Normal School, to James W. Howorth, son of Mr. and Mrs. James W. Howorth, of Yonkers. Miss Sigafos teaches at Yonkers and Mr. Howorth is associated with the firm of Hurdman and Cranston, New York city. Miss Sigafos has many friends in New Paltz.

New Year's Eve Party

The Pocahontas Social Club entertained at a New Year's Eve party at the home of Bernard Sampson of 84 West O'Reilly street on New Year's Eve. The following attended: Mr. and Mrs. Robert Flemming, Mr. and Mrs. Frank Green, Mr. and Mrs. John Mathews, Bernard Sampson, Henry Marchand, Mrs. P. Macholdt, Mr. and Mrs. Raymond Tater. They saw the old year out and the new year in. Refreshments were served and cards played until the early morning. All left after having a wonderful time.

New Year's Party

A New Year's party was held at the home of Mr. and Mrs. Harry C. Marquart to welcome in the new year. An enjoyable evening was spent playing games and cards. At 12 o'clock the guests were ushered into the dining room where they were seated at a beautifully decorated table and where a tasty lunch was served. Honors were accorded Miss Marian Marquart, Mrs. Malcolm Mitchell, Richard Schantz, Donald Beany, Miss Mary Fields and George Will. All left at a late hour voting the host and hostess royal entertainers and wishing them many happy years in their new home. Those present were Mr. and Mrs. Richard Schantz and daughter, Gloria, Mr. and Mrs. Clark Krum, Mr. and Mrs. Malcolm Mitchell, Miss Marian Marquart, George Will, Miss Marge Fields, Donald Beany and Mr. and Mrs. Harry C. Marquart.

D. A. R. Meeting

Wiltwyck Chapter, D. A. R., held its January meeting on Thursday afternoon at the chapter house, the regent, Miss Louise Van Hovenberg, presiding. Resolutions upon the death of Miss Sarah J. Willard, written by Mrs. L. Stuart Williams, were read by Miss Sarah Hasbrouck in the absence of Mrs. Williams who has been ill for some time. New Year's greetings from the president general, Mrs. Russell Williams Magna, were read by Mrs. William Anderson. Mrs. Clarence Dunn read two short papers of interest. One was on National Defense, the other on Improved Schools. Considerable of the afternoon was devoted to the election of delegates and alternates to the Continental Congress to be held in Washington in April. The alternate to the regent who will represent the chapter, will be Mrs. Fred Snyder. The other delegate chosen was Mrs. Charles Terwilliger, with Mrs. William MacGregor Mills as alternate. The following alternates were also designated to attend the Congress: Mrs. C. Ray Everett, Mrs. R. F. Childrey, Mrs. Lancelot Phelps, Mrs. P. J. Clapp, Mrs. C. S. Sheaffer, Mrs. W. R. Frey, Mrs. L. A. Moehring, Miss Juliana Wood, Miss Idella Hyde and Miss Gertrude Van Keuren. The program for the afternoon was in charge of Mrs. Augustus Van Buren and was in the nature of a recital. Leonard K. Stine sang "Now Sleeps the Crimson Petal" by Quilter, and "Native Land" by Gretchenbach. A second group of songs was sung by Mrs. Henry Dunbar: "Bark, Bark, the Lark!" and "Sylvia," both by Schubert. Mrs. Dunbar and Mr. Stine then sang a duet, "Calm as the Night" by Goetz. Mrs. William MacGregor Mills being the accompanist. The recital delighted all present and all of the numbers were enthusiastically applauded by those present who heartily expressed their appreciation. The hostesses for the afternoon were Mrs. William A. Frey and Mrs. Charles S. Wood.

We've
Shot Down
The Prices

So hunt yourself out a beautiful fur trimmed coat in our JANUARY STOREWIDE CLEARANCE. Down with a bang, have come the prices. Former \$29.50 to \$95.00 Coats, luxuriously furred with fox, badger, skunk, kolinsky, caracul, have been DRASTICALLY REDUCED to \$22.50 to \$59.50. Not every size in every group and as always one of a style, of course, so come down early and start your hunting while selections are most complete! Unfurled coats are included, too, from \$5.00 to \$22.50.

Local Death Record

The funeral of John J. Doolin, formerly of East Kingston, who died in New York Thursday, will be held Saturday with interment in St. Mary's cemetery, Kingston.

The funeral of Miss Elizabeth B. Guinan was held this morning from her late home in Port Even and thence to the Church of the Presentation, where at 10 o'clock a solemn requiem Mass was offered for the repose of her soul by the Rev. Martin P. Laddy, assisted by the Rev. Charles Reilly as deacon and the Rev. William Green as subdeacon. Seated within the chancel was the Very Rev. John J. Stanley. The church choir was assisted by Mrs. James T. O'Reilly, John Cullum and Thomas Dolan as soloists. Mrs. O'Reilly sang at the offertory "Pie Jesu" and during the Mass Mr. Cullum sang "The Libera" while at the conclusion of the Mass Mr. Dolan sang "De Profundis". There were many beautiful floral offerings and the funeral cortege to St. Mary's cemetery, where interment was made, was a long one. Father Laddy officiated at the services at the grave. The bearers were John Kennelly, Frank Guinan, Robert Kennelly, John Kilfoyle, William Dempsey and Charles Barton.

GOATS' Milk Is Popular
Goats are kept for three main reasons. The first is because they can supply enough milk for the average family cheaply, thriving on poor or rough land. The second is because the goat does not contract or give off in its milk the germs of tuberculosis. The first named reason has behind it the goat's omnivorous appetite, which includes all the ordinary crops as well as some weeds and leaves of low-growing deciduous trees. The third reason has to do with the peculiar quality of goats' milk and it is by far the most important from the viewpoint of human health. Chemical analyses have shown that goats' milk more closely approximates the human mother's milk and has a larger proportion of the more important chemical elements than has cows' milk.—Montreal Herald.

Preserved Milk Alike
Sweetened condensed milk, the type commonly called condensed and the unsweetened, known as evaporated, differ little in their milk constituents, both containing a minimum of 8 per cent butterfat and about 2 1/2 per cent solids not fat, which include casein, increase or milk sugar, albumen, ash and other ingredients. The sweetened milk, however, contains a total of about 7 1/2 per cent in total solids, the balance being cane sugar. The condensed milk depends upon the sugar as a preservative, the milk never at any time during the process of condensation being raised to the boiling point. The evaporated milk, on the other hand, is sterilized and through sterilization kept from spoiling until after the can has been opened.

World's Oldest Flea

The world's oldest flea was recently found in a piece of amber brought to light in the famous amber mine on the Baltic coast, near East Prussia. Its age is estimated at around 50,000,000 years.

Shriners Honored
Fred L. Van Deusen

Fred L. Van Deusen, president of the Kingston Shriners Association, was signally honored Thursday evening at Albany when he was unanimously elected representative of Cyprus Temple, Order of the Mystic Shrine, to the Imperial Council to be held at Minneapolis this coming June.

This honor is much sought after by the members of Cyprus Temple as out of a membership of three thousand only four representatives can be elected. The representatives elected Thursday evening were: Potentate Jerry Badgley of Albany, Past Potentate James Waite of Albany, Charles Caw of Schenectady and Fred L. Van Deusen of Kingston.

The annual election of officers of Cyprus Temple was also held and the following officers were elected: Jerry Badgley, Potentate; Frank Jenks, Chief Rabbi; Hugh Arnold, treasurer; Rollin H. Thomas, recorder; and David Allen, director.

After the meeting a reception was given the newly elected potentate at the Albany Club.

Among those who attended from Kingston were Arthur A. Davis, Herbert E. Thomas, Sampel S. Brown, Sidney K. Clapp and Fred L. Van Deusen.

It's surprising how much cold tea is being drunk in this country. They favor it with raw alcohol and call it whiskey.

Large Attendance
Sought by Bank

Judge Joseph M. Fowler, attorney for the National Water County Bank of Kingston, says that it is very desirable that there should be a large attendance at the first general meeting of stockholders of the bank, to be held Tuesday, January 9, from 4 to 5 p. m.

Judge Fowler, who has much to do with the preparation of lists, notices, proxies, etc., for something over 2,500 shareholders of the National County Bank says: "I certainly appreciate the fact that the bank is really a community institution. There are no large stockholders, but among the number are those from every section of the county. Practically every trade, business and profession is represented and a surprisingly large number are women. So many partners does mean more clerical and bookkeeping work and costs, but that's not important. It is important for each shareholder to realize that he or she has a real interest, in common with so many others, in an association which is not only serving the public but which should be a profit producing enterprise—the amount and extent of profit to be determined by the decree of the active support given by those interested."

Edelmuth Is Head
Of Welfare Board

At the annual meeting of the local board of public welfare, held at the City Home Thursday evening, William F. Edelmuth was re-elected, president of the board, and Peter J. Italiano was re-elected superintendent of the City Home. Dr. Frederick Huhne and Dr. H. J. Van Norstrand were reappointed city physicians. All other positions on the office staff remain unchanged. E. A. Kelly, who was appointed a member of the board the first of the year, attended his first meeting that evening.

About the Folks

Richard L. Burtel Claire and wife were recent guests of Mrs. Claire's father in Saugerties.

Walter Scharp of the stereotypic department of The Freeman is confined to his home, 47 Hone street, by illness.

BYRD FLAGSHIP IS STRUCK
BY SNOW STORM TODAY

Aboard Admiral Byrd's flagship in the Antarctic, Jan. 5 (AP).—(Via Mackay Radio)—Assailed by a snow storm, the flagship of Rear Admiral Richard E. Byrd's second Antarctic expedition was prepared to move today in the event conditions became worse.

The ice pack appeared to be pressing in toward where the ship hove to in an area of open water from which Admiral Byrd made a dramatic flight Wednesday to latitude 72.30 south. The ship's position was approximately latitude 69.57 south and longitude 116.33 west.

Charged With Abandonment
Ralph Decker, 45, of Port Ewen, was arrested today on a charge of abandonment. He was brought to the Ulster county jail, but later was released on furnishing bail.

Bituminous Sand in Alberta
The Canadian department of mines believes at least 750,000,000 tons of bituminous sand can be mined by open cut methods in the northern portion of the province of Alberta. On a basis of 12 per cent bitumen content, this is equivalent to 80,000,000 tons of bitumen or 450,000,000 barrels.

National Bank Call
Is Sent Out Today

Washington, Jan. 5 (AP).—The comptroller of the currency issued a call today for the condition of all national banks at the close of business Saturday, December 31.

SHANDAKEN

Shandaken, Jan. 5.—Mr. and Mrs. W. D. Coons have returned from visiting their daughter, Mrs. R. Johnson, in Hobart.

Mr. and Mrs. R. Livingston have gone to Kingston to spend some time with their daughter, Mrs. H. Townsend.

Miss Phyllis Osterhoudt, student nurse at the Fifth Avenue Hospital, New York city, spent the week-end at her home here.

Mr. and Mrs. F. S. Osterhoudt and daughter, Peggy, motored to Highland on Monday afternoon and visited Mr. and Mrs. R. C. Churchill.

Mr. and Mrs. Ward Hummel had as their dinner guests on New Year's Day, Mr. and Mrs. John Kelly and sons of Fleischmanns, Mr. and Mrs. A. G. Brown and Mrs. Georgia Clark.

Miss Emma Karklin of Saugerties was a New Year's Day guest of Mr. and Mrs. Otto Poehland.

Warren Wheaton and Carl Lei of New York city spent the week-end in town.

The ladies of the community will meet to sew on Wednesday, January 10, at the home of Mrs. F. S. Osterhoudt. This sewing is Red Cross material for home relief and anyone interested is invited to come and is asked to bring a box luncheon. Coffee will be served.

The regular monthly meeting of the Ladies' Aid was held on Thursday at the church hall. Plans were made for an entertainment to be held some time next month. After the business session delicious refreshments were served by Mrs. Theron Townsend, Mrs. Ward Hummel and Mrs. Carl Townsend.

Joseph Mench of the Bushnellville road was called to Albany on Tuesday owing to the illness of his sister.

"Wee Kirk o' Heather,"
Recalls "Annie Laurie"

Perhaps not in all the English-speaking world is there a more popular or better beloved song than "Annie Laurie."

The romantic story of William Douglas, its composer, and his fateful wooing of his heroine, Annie Laurie, is beautifully portrayed and perpetuated in the residential town of Glendale, Calif. There, in the estate of Forest Lawn, nestling in a veritable garden valley, is to be found "The Wee Kirk o' the Heather"—a tiny bit of Scotland transplanted and glorified.

On the green, sweeping slopes surrounding this little church, are great patches of purple heather, transplanted also, from its native Scotland, thus enhancing the charm of this "Wee Kirk," which is a replica of the original in which Annie Laurie worshiped in the "days of auld lang syne." In Glendale, Dumfriesshire, The original in Scotland is now a ruin, but it has been sublimely perpetuated in this one so far away.

The story is plaintively told on a tablet in front of "The Wee Kirk o' the Heather," that Annie Laurie was born in 1682, the daughter of Sir Robert Laurie, the owner of Maxwellton castle. Her lover, Douglas, was a member of an opposing clan and, because of this, Sir Robert refused to sanction marriage between his daughter and Douglas. In his endeavors to keep the young lovers apart, Sir Robert imprisoned his daughter in the castle.

The Word "Removed"

The word "removed" is defined as: "Separated, as by intervening space or relationship, or by difference in kind; as, a cousin twice removed." This denotes relationship by descent, a cousin's child being termed a first cousin once removed, but the term has been used somewhat differently in later times to designate much more distant relationships, as a cousin seven times removed. The term was used by Shakespeare in "A Winter's Tale," act 4, sc. 4, l. 802: "Those that are Germane (Shakespeare used Germane) to him (though removed fifty times) shall all come under the Hangman." This was written in 1611. Used figuratively, it may be found in "As You Like It," act 5, sc. 4, l. 71: "Upon a hye, seven times removed."—Literary Digest.

Cactus in Wet Climate

Despite the fact that most of us think of the cactus as a native of the desert Southwest, these curious jointed fleshy plants occur in many other parts of the country, according to a veteran student of southern botany, who has found a number of species of cacti in Florida, and these have not limited themselves to the drier central areas of the state as might be expected. The same species of cacti that flourish there may be found in the salt marshes along the seashore. Some of these apparently have an aversion to too much wetness, however, for they have taken to living on the limbs of trees.

Fetters of Photography

Admirers of Theophile Gautier, the great French romanticist, point out that he foreshadowed the photograph many years before it became a reality. In 1857 Gautier wrote: "One day it will be possible to make a polished plate receive and preserve the vibrations of sound, and thus conserve and perpetuate a melody by Maria, a tragedy by Racine, or a couplet by Frederic Lemaire. Then we shall be able to keep hanging on the wall the sounds of Don Quixote, the inspirations of Camille, the love declarations of Ray Blain—records of an evening when the artist is in good form."

A. H. S. Grid Champs Receive Hamilton Fish Trophy, Awards

At the assembly in Kingston High School auditorium, the winning varsity football team, which won the championship of the DUSO League, received the Hamilton Fish Trophy, emblematic of the Hudson valley.

The letters and gold footballs were awarded by Roger Mable, president of the Athletic Association. The gold footballs given to the team by the Athletic Association bore the inscription, "K. H. S. DUSO Champs 1933." Those receiving the major letter and gold footballs were, Coach G. W. Kias, Assistant Coach Fuller, Assistant Coach Miller, Captain Tony DeBrooky, Emil Nee, "Zip" Zachow, "Beans" Baltz, Morgan Ryan, "Mush" Levy, Harold Ferguson, Frank Evers, "Cowboy" Evers, "Jazz" Cullen, Art Davis, Ed Burgevin, Cliff Van Valkenburg, Captain-elect Mac Tiano, "Pop" Sashoff, Bill Van Dusen and Manager Roger Mable. Those receiving the minor award of K's were Bowser, Budenhagen, Duffer, DeGraff, Ferial, Fitzgerald, Gerwin, Gilday, Griswald, Hines, Hopper, Hyatt, Malloy, Melchior, Murphy, Nyman, Pirie, Saunders, Studer and Tomshaw.

After the letters were given out, Mr. Van Igen, superintendent of schools and representing the DUSO League, presented the Hamilton Fish football trophy, emblematic of football supremacy in the Hudson valley.

Cochet and Brookes Tilden's Choice as Leaders in Tennis

By ALAN GOULD
(Associated Press Sports Editor)
New York, Jan. 5 (AP)—From the rich and dramatic tennis background of his remarkable career, Big Bill Tilden today put himself squarely on record as ranking Henri Cochet of France and Norman E. Brookes, the left handed Australian, as his all-time No. 1 and No. 2 stars of the game.

In the "first ten" that he picked by request, based upon the span of his own competitive career since the war plus the combination of "tennis genius and stroke production," Tilden placed his old rival, "Little Bill" Johnston no better than fifth. Considering amateurs and professionals alike, here's his ranking:

1. Henri Cochet, France.
2. Norman E. Brookes, Australia.
3. Rene Lacoste, France.
4. Hans Nusslein, Germany.
5. William M. Johnston, U. S. A.
6. Vincent Richards, U. S. A.
7. Richard N. Williams, U. S. A.
8. Jean Borotra, France.
9. Bruce Barnes, U. S. A.
10. Karel Kozeluh, Czechoslovakia.

"Cochet and Brookes, to my mind," explained Tilden, "knew and executed more tennis shots than any players I have ever known. At the same time they were masters of strategy. I rank both Lacoste and Nusslein ahead of Johnston not because they were any better match players than Billy, but because they manifest greater all-around equipment and execution. No finer sportsman or fighter ever stepped on the courts than Johnston, but he had his weaknesses. Lacoste and Nusslein, at their best, have no weaknesses."

"Martin Plaa, the French pro, and Gerald Patterson, the former Australian Davis Cup star, do not quite measure up to the qualifications of my first ten. Of the amateur products of recent years, including Von Cramm of Germany, Crawford of Australia, Perry and Austin of England, Vines of the United States and Satoh of Japan, I cannot rank them as yet upon personal experience."

To measure Vines Tilden admitted he probably would find out soon just where Vines is entitled to rank. They begin a series of matches next Wednesday at Madison Square Garden, where the 22-year-old Californian makes his debut against the 41-year-old veteran. Later they will combine to play Cochet and Plaa, the French pair.

Stone Ridge Goes to Liberty on Saturday

Pete Bruck's All Stars, representing Stone Ridge, will travel to Liberty Saturday night for their "rubber" game with the Emeralds and then lay off until next Wednesday when they do battle in their regular weekly contest at B. W. S. Hall, High Falls. Opponents of the Raiders in this skirmish will be Nick's Kaslich quintet of Kingston.

The Emeralds and Poultrymen in two clashes broke even and Saturday's tilt for the honors of supremacy is expected to furnish lots of thrills.

In the game at B. W. S. Wednesday the Kaslich team will take the floor with a lineup expected to be made up of Kelder and Craig, forwards; Krom, center; Jeghers and Rask, guards. The preliminary to this feature will bring together the Stone Ridge Juniors and another fast club.

Greyhounds' Challenge.

The Port Ewen Greyhounds challenge the Boy Scout Juniors to a basketball game and hope to hear from them concerning a match in the near future. The roster of the Greyhounds includes B. Cannon, E. Pendergast, J. Strann, Bill Taylor, Gordon Clark and F. Higgins.

Phot Oil Well to U. S.

The first oil well in the United States was sunk by Colonel Drake, a railroad conductor, who through friends in New Haven, was appointed director and superintendent of the Titusville (Pa.) properties of the Pennsylvania Rock Oil company and the Seneca Oil company in 1868.

After many delays and difficulties, he secured the services of William A. Smith and two sons, brine well drillers, to sink him in his work. Actual drilling operations started in June, 1869, on a spot located near the "old oil spring," well known to farmers of the locality, southeast of Titusville. The well was brought in on August 27, 1869.

Seneca Plain Found in Australia.

Found recently in central Australia, by an explorer, a seneca fertile plain, 40 miles long and 20 miles wide, and almost enclosed by cliffs, has been named Hidden Plain.

Comforters Hope to Add Senecas to Their Record

Having won six out of eight games, the Comforter Senecas hope to add the Kingston Senecas to their list of vanquished quintets Saturday night at Comforter Church Hall Wynkoop Place, in the feature of a three game basketball program which promises plenty of action.

So far the Comforters have taken over the Hunter Big Five, Doughkeeps Reformed Church, Saugerties Reformed Church, Tannersville, Knights of Columbus, New Paltz. All of these clubs were beaten on the church team's home court.

Playing away from home, the Comforters lost to the Spartans of Saugerties and Tannersville.

The list of points scored so far by members of the Comforter team follows:

Player	Games	Points
Williams	8	61
Webber	8	42
Rossa	7	40
Dykes	4	31
Rhymer	4	31
Blackwell	6	30
Whitmore	8	11
Haines	7	9

This same group of players will represent the Church team while the Senecas will take the floor with "Whitney" Meyers, Geyser, Melville, Mellow, Boyce and C. Bock. Starting time of the Comforter-Seneca tilt is 9 o'clock. There will be two others, one at 7 between the Young Wilkys and Meteors and the other at 8 between the Comforter Girls and Cottetill.

Intermediates Take Over the Columbians

Breaking a 19-19 deadlock in the last few minutes of play, the Center Intermediates defeated the Columbians by the score of 26-21 Thursday night at the Downtown Jewish Community Center.

Present, center of the Intermediates, led his team in scoring, collecting 12 points for his evening's work. Cavano showed the way for the Columbians with eight.

Next Thursday night at the center, the Intermediates will oppose the Saugerties Cubs. The Intermediates would like to arrange games with the Comforter Missions, Clinton Avenue Minnie Men and the Sioux Pire of Port Ewen.

Last night's boxscore:

Senecas Will Play Comforter Seniors

The Kingston Senecas for their next contest will play the Comforter Seniors at Comforter Hall, Saturday night at 8 o'clock. The Indians will take the floor with their regular line-up of "Whitney" Meyers, "Zip" Geyser and Charlie Bock, forwards; "Woody" Melville, center; Donny Horne and "Goggy" Boyce and Earl Mellow, guards. Booking for the Senecas is now being handled by Carl Wiesert, instead of James Freleigh who is no longer connected with the team.

Thursday night's billiard match in the city tournament at Nick's resulted in a victory for Fred Planthaber over "Hotch" Alcon, 100-76. High runs were 14 for Planthaber, 13 for Alcon.

Tonight Rob Egan plays Billy Hapner at 8 o'clock.

Giants Have Bright Hurling Prospect in Al Smith of St. Louis

By HERBERT W. BARKER, Associated Press Sports Writer.

New York, Jan. 5 (AP)—Watch out, you National Leaguers who thought the New York Giants' pitching was pretty tough last summer. Bill Terry's firing squad will be augmented in 1934 by Al Smith.

Not the brown derby man from the sidewalks of New York, but Young Al Smith, a left hander, carried as a coach by the Giants last year.

Jim Tierney, secretary of the Giants, is one who believes Smith is destined to cut a wide swath through league batsmen next campaign. And the Giants who were forced to hit against him in batting practice day after day are inclined to agree. They missed too many of young Mr. Smith's wide-breaking curves to feel otherwise.

Smith was tagged as a great prospect last spring but Terry had so much experienced moundmen to bank upon that there was no place for the young hurler. Rather than farm him out where he might have been grabbed by some rival club, the Giants elected to carry him as a coach. But this coming season, Tierney says, Smith will be added to what in 1933 was the most effective array of pitchers in the majors. Scaling 185 pounds, Smith is an inch under six feet tall. He makes his home in St. Louis.

The Giants will depart for the south along about March 1. Tierney expects few, if any, salary arguments. As world champions, the Giants as a whole may expect at the most a wage cut. For not a few, including Carl Hubbell, great southpaw hero of the world series, substantial increases probably have been decided upon.

Shifting over to the New York Yankees, it appears now as though any dispute Babe Ruth and Col. Jacob Ruppert may have over George Herman's 1934 honorarium will be conducted here rather than in Florida, where it has been an almost annual feature of the spring training season.

Col. Ruppert has gone on record as being strongly opposed to another long tangle with Ruth as well as against a trip to the south in order to get Ruth's name to a contract. The Babe agrees, perhaps because his side contracts will keep him in the north much later than usual, anyhow.

The Yankees plan to send out no contracts until February 1, so Ruth will have nearly a month to wait before he finds out just what Ruppert will offer him. That it will be considerably under the \$52,000 he drew last year is certain.

Lon Gehrig is one player the Yankee business office won't have to worry about. The hardy first baseman signed a two-year contract last February.

Senecas Will Play Comforter Seniors

The Kingston Senecas for their next contest will play the Comforter Seniors at Comforter Hall, Saturday night at 8 o'clock. The Indians will take the floor with their regular line-up of "Whitney" Meyers, "Zip" Geyser and Charlie Bock, forwards; "Woody" Melville, center; Donny Horne and "Goggy" Boyce and Earl Mellow, guards. Closer Matching Was Reason for Low Scores, Football Leader Says

By D. K. BIBLE, President American Football League Association and Football Coach and Athletic Director, University of Nebraska, Lincoln, Neb., Jan. 5 (AP)—There were many close football games played last fall and I think it was due to the fact that teams were more closely matched than in some previous seasons. The Columbia victory over Stanford was a sensational climax to developments marking fresh enthusiasm for the game.

Our schedules found teams of the same caliber playing and this was perhaps the cause of the low scoring, rather than anything the matter with our rules.

The question of playing teams of similar strength is considered now in arranging schedules because such games arouse more interest and it naturally follows, that means larger "gates."

The public often gets as great a thrill out of seeing a defensive stand on the goal line as it does from seeing a team in action on the offense.

Favors Present Rules

The views expressed by Walter Oakeson, chairman of the National Rules Committee, at the recent meetings in Chicago are a good deal more optimistic. He expressed the belief that except for some simplifications, changes in the present rules would be a mistake. Changes to promote this or that method of attack, he pointed out, would further complicate a code which already is too complicated.

The game is a fine one and Oakeson was right when he said the rules committee should legislate not with the idea of furnishing a Roman holiday to the crowds but always for the good of the boys who play the game.

Many suggestions have been made for changes in the rules. These will be studied carefully by the rules committee. Personally, I am very much in favor of letting the rules stand, at least until they get stabilized or crystallized.

Concerning Coaches

Another fine discussion at the recent meetings in Chicago was that of H. J. Stegeman of Georgia on means of stabilizing the coaching situation. I believe we can all help one another more and thus help stabilization.

So many times a coach and publicity director will praise an opponent, the weights of that team will be "increased" and the coach's own team will

**“If YOU think I’m not
Saving money this month
—You have another guess
coming....!”**

AN old custom, these January Sales, a great way to save money—
even in a normal year.

But 1934 isn’t a normal year. The prices of silk and cotton and
chinaware and fur coats and galoshes and bridge lamps stand still, more
or less, in a normal year.

This year of 1934, prices aren’t standing still. They’re going up—
lifted by their own boot-straps, perhaps—but still going up!

And that’s why these January clearances this year offer you the
chance of a life-time. Because—in the face of these rising prices—
sale prices are down! Way down—for your local merchants bought
goods when prices were considerably lower than they are today.

All this is news—big, money-saving news to you. That’s
why your merchants are telling you all about it—item for
item and “buy for buy” in a place where you’re bound to see
and read and SAVE—every day in the pages of the Freeman!

Read the . . .

FASHIONS By ELEANOR GUNN

Schemes for Woman—Control of the Dollar

Copyright, 1934 by Fairchild.

The model illustrated above is of gold sequins hand-sewn in a design of small squares and combined with tiny gold beads. The pouch is of gold spangles with a pointed yoke of white and gold beads. The frame is of gold metal.

Another type, velvet this time, with a bracelet handle of brilliants.

The Lowdown on the Decollete

New York—The frankness with which body lines are revealed in evening clothes, daytime clothes too for that matter, is somewhat startling. Brassiere brazen-ness of lace or lead work are not unusual. The molded line remains the season's pet.

Everyone knows that we started off gayly enough with necklines as high as high could be, and backs cut to the waist. Well, we would now serve notice on you that décolletés are getting more and more décolleté, not to say daring. Here's the new "Italian hand" of Mae West again. But there is nothing obligatory about mine such matters for oneself. There is something very chic about the built up bodice, drawn close to the neck at the sides, and entirely sleeveless, let the back be what it may. This sort of bodice is often held at the shoulder by a clip, one at each shoulder. Clips remain very useful and decorative. One can hardly have too many, especially now when earrings are clamped on, and are really not earrings at all but ear clips.

It's a year for jewelry, from the conservative strand of pearls, worn even with a sweater, to very spectacular pieces, semi-precious and otherwise.

Handbags are always an interesting theme to women who have not adjusted their viewpoint on the subject, to the point where they believe that every costume calls for its own particular purses. The monogram vogue continues, although on some of the finer bags, the monogram is omitted in favor of a jeweled clip or lift lock of some sort.

Evening bags are very bright, being entirely of spangles or jeweled, when not of tapestry with jewelry frames.

To have the toe out of one's evening slippers proves just the reverse of what it might mean to imply—it proves that you keep in step with the very latest in evening sandals.

GOLD AT A NEW HIGH

Copyright, 1934, by Fairchild

A black crepe evening gown with stitched gold bodice sections and shoulder straps, the décolletage at the back being very low.

The Ruffled Revers Is Welcome

Schiaparelli is not alone in whipping new life into revers of coats, and we cite the extremely attractive Ingustabernard coat, and which is an inevitable successor to the little suit with similarly ruffled revers that made everybody sit up and take notice.

In this little feature, without drastically changing the lines of the coats themselves, is the medium of investing the less tailored quality that is creeping into so many of the newer clothes.

This treatment of ruffled or pleated revers is readily adaptable to woollens as proved by the ruffling of fur in this year's coats.

DID YOU KNOW THAT

It is almost impossible to say too much about the importance which women are attaching to the elaboration of the hair.

An attractive coiffure involves hair braided around the head in coronal effect with four little stars spaced out in the braid.

Corsets at the moment must put emphasis on the waistline for a woman, no matter how large, looks inches smaller if she is given a waistline.

Although heavy waves are "the" thing in fashion at the moment, watch for the return of chiffons for southern resort and summer wear.

A COCOA-COLORED moire coat lining and frock lacings give a springtime note to this ensemble of beige and brown diagonal wool which Molynaux designs for midseason wear. It has a tunic frock and three-quarter-length coat collared in blue fox.

HERE'S a new idea for winter frock, designed for afternoon wear. It's of beige wool with the sleeves made of black fox tails. The frill down the front of the bodice is lined in black satin. (Design by Worth; model copyright FAIS).

WEST SHOKAN

West Shokan, Jan. 5.—The recent annual audit of the town board members last week revealed an interesting observation, brought forth in the annual settlement with town officials. It was noted that Oliver's popular retiring supervisor, Chester A. Lyons, had to his credit as such, in the various town funds, a total of \$1557.08. This contrasts vividly to the balance when he assumed office eight years ago. The total was then only \$22.30. Although the tax rate shows a small increase this year, it was considered advisable by the town business managers to include in the present levy expenditures incurred in defending the New

York city tax case, rather than carry any part of the presented bills over to the incoming administration. An examination of the tax rate records, yet within the recollection of taxpayers, reveals that the Olive tax rate eight years ago was well over three times the present rate. New York city property at that time remained at approximately the same assessment as before the building of the reservoir costing many millions of dollars. The main dam alone is said to have represented a sum of \$11,000,000 spent in its construction.

Leiter S. Davis of Main street, retiring from the town board after serving a four-year term as justice of the peace, carried with him the well wishes and thanks of his fellow townsmen. His tenure was made notable in numerous instances which revealed sound business judgment, while his initiative to think and act quickly were highly commendable.

Mr. and Mrs. Harold Constable and family were entertained as guests at a New Year's party at the home of Mr. and Mrs. Joe Meyers at Samsonville.

Due to indispositions prevailing among members or in their families, the Ladies' Aid Wednesday church quilting was not largely attended. Repairs to the Hawley family Chevy were made at Bert Winnie's garage at Cold Brook on Wednesday. A broken drive shaft bearing necessitated an emergency job.

The first assembling of the new town board convened at 1 p. m. January 2 at the residence of Supervisor Leroy Davis at Olive Bridge.

The remaining familiar personages from the late board are Justices Fred L. Weidner of North Main street, West Shokan, and Henry Winchell of Sunny Cliff, Samsonville road. While Judge Weidner has a distinguished service record of eighteen consecutive years and was re-elected in November for another four-year term, his junior colleague is now serving the second half of his four-year term. Both are famed for their practical business minds and will serve well as compensating counterparts to the inexperience of the new members.

Martin J. Every of Traver Hollow was out calling on friends at West Shokan Heights on Wednesday afternoon. Mr. Every, veteran dean of the Olive board of assessors, and re-elected for four years, expects soon to be getting the 1935 board organized and ready to function. The new board's triangle personnel is Mr. Every, Ezra Silworth, and Homer Markle. Mr. Silworth holds over for another two years, while Mr. Markle will succeed the tenure occupied by Nelson Bell, who opposed Mr. Every for reelection.

Ex-justice Lester S. Davis was appointed dog owner at the last board session of 1933. Mr. Davis succeeds himself in the appointment. Mr. and Mrs. Frank Whitmer, who have been spending a week here at their Tuckaway Farm, returned to their permanent home at Port Washington, L. I. on Friday.

The correspondent wishes to revise the published list of town of Olive dignitaries who attended the recent supervisors banquet in Kingston, to

include the personages of James Bush of Olive Bridge, popular south Olive Democratic town committeeman, also William Jordan of Broadhead Heights, Olive's outgoing commissioner of highways; Supervisor Chester A. Lyons, now ex, is credited as having headed one of the largest and most prominent delegations from any township in the county.

Mr. and Mrs. Francis Every of Watson Hollow are being congratulated over the arrival of their fourth family addition, which now includes three boys and a baby sister.

KRIFFLEBUSH

Krippelbush, Jan. 5.—The Christmas pageant, "He Came to Bethlehem," was given in the M. E. Church December 24, and was largely attended, although some of the children were unable to be present on account of sickness. All seemed to enjoy the entertainment. Much credit is due everyone that took part. The scenery adopted for the pageant was very attractive, with evergreens and trees. The manger scene was very artistically arranged. Those taking part were, Lewis Lounsberry, Lester Lounsberry, George Van Aken, Frankie Shanon, Elson Roosa, Clifford Vandemark, Burton Van Aken, Robert Horch, the Misses Dorothy Davis, Mamie Shea, Olive Davis, Virginia Christians, Rita Young, Beanie George, Florence Lounsberry, Florence Hornbeck, Theresa Davis. The costumes were very original. The choir, made up of Mrs. Stuyvenbarger, Mrs. Pearl Mahoney, Claude Lyons, Arthur Roosa and Claude Christians, with Miss

Gladys Vandemark presiding at the organ, sang several Christmas selections. The program closed with remarks by the pastor, the Rev. R. J. Harrison. Much credit is due the superintendent, Harvey Connor. Santa arrived just in time to give each pupil a gift and candy from the beautiful Christmas tree.

Mr. and Mrs. Elmer Vandemark and family entertained at dinner on New Year's Day Mr. and Mrs. John Vandemark and sons, Vernon, Byron, and daughter, Beniah, of Mettaca-honts; Jason Roosa of Stone Ridge; Ward Hutchins of Ontario; Miss Ethel Wheeler of High Falls. All enjoyed the day very much.

Church service next Sunday at 12:30; Sunday school, 1:20. Everybody is asked to attend these services. The board meeting will be after the service. Everybody is asked to be present at this meeting.

Heating Harrogate Harrogate, England, has been a place of healing since 1571, when the beneficial effects of its spring water were discovered.

County Court to Convene Monday

Water County Court will convene Monday afternoon, January 8, at 2 o'clock, Judge Frederick G. Traver presiding. The civil calendar will be taken up at the opening of court, there being a large number of cases awaiting trial.

The criminal calendar will not be taken up until the second Monday, January 15.

Societs Irrigate Cotton Lands. Chumish, Khrigiz, U. S. S. R. Competition of a combination hydro-electric and irrigation dam on the Chu river is converting to fertility 250,000 acres of arid land in this section of Russia. Cotton and other fiber plants are to be grown in the area.

Turkey Gets Gazi's Greek Home. Ankara, 4p.—A token of Greek friendship, very pleasing to the Turkish authorities, is the gift by the Salonika city government to the republic of Turkey of the house in which Mustafa Kemal was born in 1880.

No Water in Nose and Ears. The seal does not need to fear that water will get into its nose or ears when it dives, for a special provision of nature guards against this form of discomfort. Each of these organs is furnished with a small valve which closes as soon as water pressure upon it, and the greater the pressure of the water the tighter the valve closes.

Ask Mother—She Knows

Mother took this medicine before and after the babies came. It gave her more strength and energy when she was nervous and rundown... kept her on the job all through the change. No wonder she recommended it.
